

## *Inventory of available equipment and machinery – VR-CNC - base Novakovo*

### Vertical machining center FIRST MCV 1100 – 2 pieces

Processing of axis X - 1100mm; processing of axis Y - 700 mm; processing of axis Z - 610 mm; Rotary table of 4th axes - Yes; maximum loading of mass - 1000 kg.

### CNC Turning center Goodway GA 2000 M – 3 pieces

axis C - Yes; axis Y - No; Lunette - No; Maximum diameter of the rod up to 51 mm; Maximum diameter of turning work up to 350 mm; Maximum length of turning work up to 624 mm; positioning accuracy up to 0,005 mm

### CNC Turning center Goodway GS 200 MY– 4 pieces

axis C - Yes; axis Y - Yes; Lunette - Yes; Maximum diameter of the rod up to 51 mm; Maximum diameter of turning work up to 340 mm; Maximum length of turning work up to 600 mm; positioning accuracy up to 0,005 mm

### Universal Lathes – 5 pieces

From 750mm. up to L -1500mm.

### Universal milling machine - 4 pieces

Universal milling machines - L from 1000 up to 1200 mm.

### Universal grinding machines - 5 pieces

Universal grinding machine type BU28-1000 TOS - 2 pieces

Flat grinding machine type PRAGA 452, 600/200 – 2 pieces

Flat grinding machine type SHPK 32.11, 600/200

### Press machines - 2 pieces

Eccentric press machine 63 t.

Hydraulic press 10 t. DUNKES

### Other machines

Electric-and diesel forklift truck, portal crane 5 t.

Guillotine cutter type X3, L=200, b=6

Abrasive disk sander type 01AD

CO-welding machine CLOSS CK 166

Induction heating equipment hardening, 25 KW

Drilling machines - 4 pieces
